

# DEPLOYABLE FIELD SUPPORT - IST

**CAMBRO**<sup>®</sup>  
TRUSTED FOR GENERATIONS™

**РУССКИЙ ПРОЕКТ**<sup>®</sup>  
[www.rp.ru](http://www.rp.ru)

Cambro insulated food and beverage equipment is the backbone of field catering, satellite feeding and cafeteria operations around the world. This is due to the unmatched durability and design that withstands challenging climatic conditions and geographic environments. Cambro's trusted brand gives military operations confidence in having safe and effective meal delivery wherever armed forces are located or humanitarian relief is needed. Because of this performance, Cambro has been the primary supplier of defense catering equipment to military units and humanitarian agencies around the world for decades.

## ICON LEGEND

# INSULATED FOOD PAN CARRIERS

## S-Series Ultra Pan Carriers

Transport meals in full or fractional size food pans to any type of destination. Excellent temperature retention and easy to clean units feature a built-in seal so no gasket is required. Both S-Series Ultra Pan Carriers and the Stack-and-Store model are made by structural web injection molding for exceptional

durability and temperature retention. Molded-in handles on all four sides for easy carrying. Models UPCCS160 and UPCCS180 interstack or stack with Cambro Ultra Pan Carriers and Multiple Pan Camcarriers®, while the UPCCS160 features insulated lids and bases that nest for compact storage.

# H-PANS™ & GRIPLIDS®

## H-Pan Food Pans

H-Pans can go from prep to cooler to oven to carrier, handling temperatures ranging from -40°F to 375°F (-40°C to 190°C). Non-stick surface allows easy food release for improved yields and easier cleaning.

## Camwear® Griplids

Molded polyurethane gasket on lid grips the side of the food pan, reducing spills. The self-enclosed container reduces points of cross-contamination, following HACCP guidelines.

# INSULATED BEVERAGE CARRIERS

## CAMTAINERS®

Ideal for holding hot coffee, tea or cold water in remote locations. One piece, seamless double wall construction and thick foam insulation ensures beverage temperatures will be maintained for hours. Recessed large faucet and wide opening

accommodates larger cups. Molded-in handles make unit easy to carry. Sta-stack interlock allows stacking and helps hold units in place when being transported. Camtainers are also used to carry hot water to create a field handwashing station.

# SLIDINGLID™ ICE CADDIES

Cambro Ice Caddies hold large quantities of ice for days. The lid slides back for quick and easy access and slides shut for safe and sanitary ice storage. Recessed well and drain shelf keep ice out of water, extending holding times. Molded-in handles ease transporting and allow for balanced lifting on or off trucks.
